

EU Regulation 1907/2006 (REACH) Compliance Declaration

TELTONIKA ENERGY UAB, declare under our sole responsibility that all our products are in compliance with Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

According to Article 33 of REACH, the manufacturer has the obligation to provide sufficient information to the consumer/recipient of the article if Substances of Very High Concern (SVHC) of Candidate List are contained in a concentration above 0,1% weight by weight (w/w).

REACH SVHC present > 0,1% w/w of product (complex object):

Product name	SVHC name (CAS#)
EV charger TeltoCharge	Lead (CAS 7439-92-1) and Lead titanium trioxide (CAS 12060-00-3) are present above the threshold at part level

The declaration applies to the Candidate List (updated on 10.06.2022). The Candidate List of SVHCs can be found here: <http://echa.europa.eu/candidate-list-table>.

TELTONIKA ENERGY UAB does not manufacture or import any of the substances, either on its own or in one or more preparation(s), in quantities of 1 ton or more per year thus the obligation to submit registration to European Chemicals Agency under REACH article 6 is not applicable.

The total amount of the substance included in the Candidate List present in all articles produced and/or imported, which contain more than 0,1% (w/w) of the substance, does not exceed 1 ton per year. Moreover, the substance in the Candidate List is not intended to be released under normal or reasonably foreseeable conditions of use. Therefore, notification obligation under REACH article 7(2) is not applicable.

To the best of our knowledge, none of TELTONIKA ENERGY UAB products contain any substances subject to REACH Annex XVII restrictions.

Vilnius, 2022-07-21
